Venus Securities (Private) Limited
Notes to the accounts

1 Legal Status and Nature of Business

Venus Securities (Private) Limited (Formerly Farooq Abdullah Securities (Private) Limited (the Company) was incorporated in 2007 as a private limited company under the Companies Ordinance, 1984. The registered office of the Company is situated at House No. 149-E, Block-2, P.E.C.H.S., Karachi, Pakistan. The company is engaged in the business of financial consultancy, brokerage, underwriting and investment counselling. It is a corporate member of the Karachi Stock Exchange Limited.

2 Statement of Compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

3 Basis of Measurement

3.1 These financial statements have been prepared under the historical cost convention except for certain investments which are carried at their fair value.

3.2 These financial statements are presented in Pak Rupees which is the Company's functional and presentation currency.

4 New accounting standards / amendments and IFRS interpretations that are effective for the year ended June 30, 2015

4.1 The following standards, amendments and interpretations are effective for the year ended December 31, 2014. These standards, interpretations and the amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

Amendments to IAS 32 Financial Instruments: Presentation - Offsetting financial assets and financial liabilities	Effective from accounting period beginning on or after January 01, 2014
IAS 36 Impairment of Assets - Recoverable amount disclosures for non-financial assets	Effective from accounting period beginning on or after January 01, 2014
IAS 39 Financial Instruments: Recognition and measurement - Novation of derivatives and continuation of hedge accounting	Effective from accounting period beginning on or after January 01, 2014
IFRIC 21 - Levies	Effective from accounting period beginning on or after January 01, 2014

Venus Securities (Private) Limited
Notes to the accounts

The adoption of the above amendments, revisions, improvements to accounting standards and interpretations did not have any effect on the financial statements.

4.2 Property and Equipment

These are stated at cost less accumulated depreciation and impairment, if any. Depreciation is charged to profit and loss account using reducing balance method whereby the cost of the asset less its estimated residual value is written off over the estimated useful life at rates given in note 7. Depreciation on additions is charged from the quarter in which asset is available for use and on disposals upto the quarter preceding the quarter of disposal. Normal repairs and maintenance costs are charged to income as and when incurred. Major renewals and improvements are capitalised. The assets residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each financial year end. Gain or loss on disposal of assets, if any, is recognized in the period of disposal.

The carrying amounts are reviewed at each balance sheet date to assess whether they are recorded in excess of their recoverable amounts, and where carrying values exceeds estimated recoverable amount, assets are written down to their estimated recoverable amount.

4.3 Intangible Assets

Intangible assets having definite life are stated at cost less accumulated amortization and impairment, if any.

Rooms and trading right entitlement certificate are considered to have an indefinite useful life and are stated at acquisition cost. The carrying amount of these assets is reviewed at each balance sheet date to assess whether it is in excess of its recoverable amount, and where the carrying amount exceeds the estimated recoverable amount, it is written down to its estimated recoverable amount.

Gain and loss on disposal, if any, is taken to the profit and loss account.

4.4 Investments

The management of the Company determines the appropriate classification of its investments at the time of purchase as follows.

Held-to-maturity

Investment with fixed maturities where management has both the intent and ability to hold to maturity, are classified as held-to-maturity investments. These investments are carried at amortized cost.

Available-for-sale

These are investments intended to be held for an indefinite period to time, which may be sold in response to needs for liquidity or changes in equity prices. Subsequent to initial measurement, these are re-measured to fair value except for unquoted investments which are stated at cost. Net gains and losses arising on changes in fair value of these investments are recognized directly in equity. On derecognition or impairment in available-for-sale investments, the cumulative gain or loss previously recognized in equity is included in the profit and loss account for the year.

Investments at fair value through profit or loss

Investments classified as held-for-trading and those designated as such are included in this category. Investments are classified as held-for-trading if they are acquired for the purpose of selling in the near term. After initial recognition, these investments are remeasured at fair value and gains or losses are recognized in profit and loss account.

Venus Securities (Private) Limited
Notes to the accounts

4.5 Repurchase / Resale Agreements

The Company enters into transactions of repos and reverse repos at contracted rates for a specified period of time. These are recorded as under:

Sale under repurchase obligation

Securities sold with a simultaneous commitment to repurchase at a specified date (repos) continue to be recognised in the balance sheet and are measured in accordance with accounting policies for investments. Amounts received under these agreements are recorded as repurchase agreement borrowings. The difference between sale and repurchase price is amortised as expense over the term of the repo agreement.

Purchase under resale obligation

Securities purchased with a corresponding commitment to resell at a specified future date (reverse repos) are not recognised in the balance sheet. Amounts paid under these arrangements are included in reverse repurchase agreement lendings. The difference between purchase and resale price is accrued as income over the term of the reverse repos agreement.

4.6 Trade debts and fund placements

In accordance with good accounting practices the company provides fully against the trade debts and fund placements for which no security is available without prejudice to its right to take appropriate legal and commercial action for the recovery of the said trade debts and fund placements.

4.7 Financial instruments

All financial assets and financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the contractual right to future cash flows from the asset expires or is transferred along with the risk and reward of ownership of the asset. Financial liabilities are derecognised when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled, or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to income currently.

4.8 Off-setting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to set-off the realised amounts and the Company intends to either settle on a net basis, or to realise the asset and settle the liability simultaneously.

4.9 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation.

Venus Securities (Private) Limited
Notes to the accounts

4.10 Taxation

4.10.1 Current

The charge for current taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credits, rebates and exemption available, if any. For income covered under Final Tax Regime, taxation is based on applicable tax rates under such regime.

4.10.2 Deferred

Deferred income tax is provided using the liability method for all temporary differences at the balance sheet date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognised for all taxable temporary differences and deferred income tax assets are recognised for all deductible temporary differences, carry forward of unused tax assets and unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such deductible temporary differences, unused tax assets and unused tax losses can be utilised.

4.11 Revenue recognition

- Brokerage commission is recognized as and when services are provided.
- Income from placements of funds is recognized on time proportionate basis.
- Mark-up on over due balances is recognized on accrual basis.
- Underwriting commission is recognized when the agreement is executed.
- Dividend income is recognized when right to receive the same is established.
- Gain / loss arising on disposal of investments is included in income currently and is accounted for on the date at which the transaction takes place.
- Profit of bank accounts is recognized on accrual basis.
- Corporate Advisory Fee is recognized on accrual basis.

5 Accounting Estimates and Judgments

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which forms the basis of making judgment about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis.

Venus Securities (Private) Limited
Notes to the accounts

6 New accounting standards / amendments and IFRS interpretations that are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and the amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

Amendments to IAS 16 and IAS 38 Clarification of acceptable methods of depreciation and amortization	Effective from accounting period beginning on or after January 01, 2016
Amendments to IAS 16 and IAS 41 Agriculture: Bearer plants	Effective from accounting period beginning on or after January 01, 2016
Amendments to IAS 19 Employee Benefits: Employee contributions	Effective from accounting period beginning on or after July 01, 2014
IAS 27 (Revised 2011) - Separate Financial Statements	Effective from accounting period beginning on or after January 01, 2015. IAS 27 (Revised 2011) will concurrently apply with IFRS 10
IAS 28 (Revised 2011) - Investments in Association and Joint Ventures	Effective from accounting period beginning on or after January 01, 2015
IFRS 10 - Consolidated Financial Statements	Effective from accounting period beginning on or after January 01, 2015. Earlier adoption is encouraged.
IFRS 11 - Joint Arrangements	Effective from accounting period beginning on or after January 01, 2015
IFRS 12 - Disclosure of Interests in Other Entities	Effective from accounting period beginning on or after January 01, 2015
IFRS 13 - Fair Value Measurement	Effective from accounting period beginning on or after January 01, 2015

Certain annual improvements have also been made to a number of IFRSs.

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 - First Time Adoption of International Financial Reporting Standards
- IFRS 9 - Financial Instruments
- IFRS 14 - Regulatory Deferral Accounts
- IFRS 15 - Revenue from Contracts with Customers

20 Financial Risk Management

The Board of Directors of the Company has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company has exposure to the following risks from its use of financial instruments:

- Market Risk
- Liquidity Risk
- Credit Risk
- Operational Risk

20.1 Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices.

(i) Interest Rate Risk

Interest rate risk is the risk that the value of the financial instrument will fluctuate due to changes in the market interest rates. The Company is exposed to such risk mainly in respect of short-term borrowings. Management of the Company estimates that 1% increase in the market interest rate, with all other factors remaining constant, would increase the Company's loss by Rs. Nil and a 1% decrease would result in a decrease in the Company's loss by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

(ii) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instruments will fluctuate because of changes in foreign exchange rates. The Company does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Equity Price Risk

Equity price risk is the risk of volatility in share price resulting from their dependence on market sentiments, speculative activities, supply and demand for shares and liquidity in the market. Management of the Company estimates that a 10% increase in the overall equity prices in the market with all other factors remaining constant would increase the Company's profit by Rs. Nil and a 10% decrease would result in a decrease in the Company's profit by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

20.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations associated with its financial liabilities that are settled by delivering cash or another financial assets. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet comments associated with financial liabilities as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding to an adequate amount of committed credit facilities and the ability to close out market options due to the dynamic nature of the business. The Company's treasury aims at maintaining flexibility in funding by keeping committed credit lines available. The following are the contractual maturities of financial liabilities.

20.3 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Credit risk arises from the inability of the issuers of the instruments, the relevant financial institutions or counter parties in case of placements or other arrangements to fulfill their obligations.

Exposure to credit risk

Credit risk of the Company arises principally from the trade debts, short term investments, loans and advances, deposits and other receivables. The carrying amount of financial assets represents the maximum credit exposure. To reduce the exposure to credit risk, the Company has developed its own risk management policies and guidelines whereby clients are provided trading limits according to their worth and proper margins are collected and maintained from the clients. The management continuously monitors the credit exposure towards the clients and makes provision against those balances considered doubtful of recovery.

The Company's policy is to enter into financial contracts in accordance with the internal risk management policies and investment and operational guidelines approved by the Board of Directors. In addition, credit risk is also minimised due to the fact that the Company invests only in high quality financial assets, majority of which have been rated by a reputable rating agency. The maximum exposure to credit risk at the reporting date is follows:

	Rupees 2015	Rupees 2014
Long term loans, advances & deposits	504,809	300,000
Short term investments	-	-
Trade debts - unsecured	-	-
Short term deposits, advances & other receivables	5,103,559	-
Cash and bank balances	721,564	821,163
	<u>6,329,932</u>	<u>1,121,163</u>

20.4 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Company's operations either internally within the Company or externally at the Company's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behaviour. Operational risks arise from all of the Company's activities.

The Company's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns for Investors.

The primary responsibility for the development and implementation of controls over operational risk rests with the board of directors. This responsibility encompasses the controls in the following areas.

The primary responsibility for the development and implementation of controls over operational risk rests with the board of directors. This responsibility encompasses the controls in the following areas.

- requirements for appropriate segregation of duties between various functions, roles and responsibility;
- requirements for the reconciliation and monitoring of transactions;
- compliance with regulatory and other legal requirements;
- documentation of controls and procedures;
- requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified;
- ethical and business standards;
- risk mitigation, including insurance where this is effective.

20.5 Fair value of financial instruments

The carrying values of all financial assets and liabilities reflected in these financial statements approximate to their fair value. The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1 : Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 : Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Venus Securities (Private) Limited
Notes to the accounts

Fair value of the financial assets that are traded in active markets are based on quoted market prices or dealer prices quotations.

The table below analyses financial instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

Financial assets at fair value through profit and loss

	2015			
	Level 1	Level 2	Level 3	Total
Listed securities	-	-	-	-
Available for sale				
Investment in shares of Karachi Stock Exchange Limited	-	-	39,073,830	39,073,830
	-	-	39,073,830	39,073,830

Financial assets at fair value through profit and loss

	2014
